SCOUTING SERVICE COMMEMORATION

Guidelines

Celebration of the many contributions of volunteers and staff is the aim of the Alumni Service Commemoration. Those contributions take many different forms: serving in national, regional, council, district or unit capacities, supporting the movement through financial donations or donations in-kind; or living an extemporary life guided by the Scout Oath and Scout Law.

Recipients may self-purchase OR purchase on behalf of another person. Years of service are on the “On my honor” system in terms of calculating tenure. Applicants may not “double count” years of service if serving in more than one position.

Scouting Alumni and Friends wishes to tell the story of recipients and their continued affiliation with Scouting. We can only do that with the stories and photographs of the individuals we celebrate. So, please forward all such stories, memories and photographs to the national Scouting Alumni & Friends office at BSAalumni@Scouting.org

We’d also appreciate your feedback about the ceremonies we suggest and/or those that you have successfully used to celebrate our volunteers.
